# Kevin Flynn

**Full-Stack Web Developer (NodeJS / VueJS)**

London, UK
07796977257
**flynny85@gmail.com**
**www.kubedev.co.uk**
**www.github.com/k-flynn-webdev**

## INTRO

A naturally curious problem solver. 10 years of experience in the games industry creating tools and improving workflow for artists and animators has given me a broad experience of day to day challenges and working in teams.

Being self driven and self taught has given me a different perspective and approach which sets me apart from most other developers.

## EXPERIENCE
